Introduction

We are students in 9th-11th grade at Tejapacani Elementary. We have been jumping around our community, little village. We have been also doing art-projects out of things we find and things we see.

Introduction

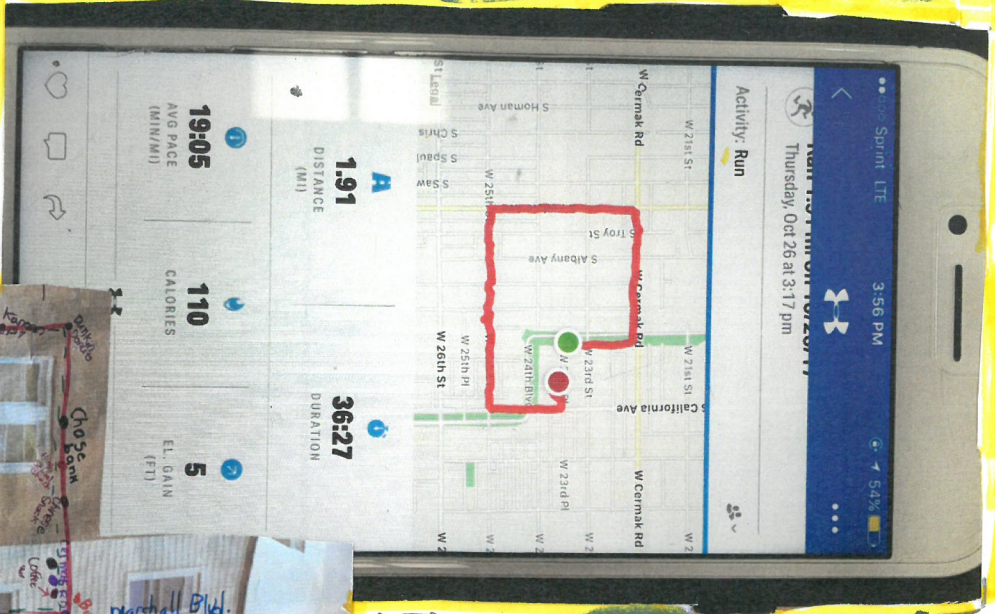

I learned that I am getting stronger when I run in this program and that I got stronger when running. My strengths are drawing, exploring, running and with animals. As a runner I feel like I lost more weaknesses, so like I do not get tired that easily anymore. As an artist I feel like I improved human anatomy and human features. I learned that my community has more art and I never knew about the morals and creative signs in the streets. My weaknesses are that when I'm running there are holes in the pavement and I sometimes twist my ankle which slows me down.

OUR

I have grown as a runner because I do not whine no more as I used to. And I also have the best teacher. I learned from her and I learned from my mistakes.

I have learned to not give up and just keep going best and try your best always until the finish line. And if you don't give up you can become stronger as a runner.

MX grown as an artist is that I have grown and learned from my teachers and just have confidence about myself.

CONFETTI RUN

Yo aprendi a nunca rendirse, ya que yo antes na podia correr 1 milla y ahora puedo correr 3 millas.

Mis debilidades son cuando hace mucho frio, no puedo correr muy bien tambien cuando esta lloviendo o nevando me entra a los ojos y no puedo comer muy bien.

Mis destresas son cuando el clima no esta muy caliente ni muy frio me siento más comoda para correr tambien cuando traigo ropa comoda.

Mis descubrimientos son que ya se mas sobre la villita ya se las calles y tambien descubri un restaurante de pizza muy rico.

Mis intereses es saber más de la comunidad crecer como artista y hacerme mas fuerte como una corredora.

THE Struggles

This is when
it was snowing
and it was
going to our
moufn and face struggles

talk'ny to my freinds
and work'ny toglaw wth
oher people. I kave
plaw in a variety
of way as a runner
I have plaw by learn'ny
different techn'nyes for run'ny
and also drt and
I kave gotten a better
work ethic

What I have learned is many things about running like how to breath and posture my strengths are joint different types of art because that is a new strength my weaknesses are not being able to run long my discoveries are what's on route to our destination in running and how running and art together my interests are

This day was about when it was raining and we struggle to run and not slip and also try to run with the pancakes

Finally this was a really struggle.

After running in the rain we had to struggle because we were so wet and we needed to dry our hair and clothes.

I have learned that I have more than I thought I can use. My stamina has improved. I have discovered that the bones in my body are stronger than I thought. All the good things that are keeping me going are from the parks around me. I encourage myself to keep a good pace. By thinking of good things, I can draw strength from them. I am a girl and there are magical things in the world. I am a girl and I have turned out to be just what I need. I am a girl and I have turned out to be just what I need. I am a girl and I have turned out to be just what I need. I am a girl and I have turned out to be just what I need.

Algebra

these are some examples of indoor activities. First I picked the 3 on the first page which are some items we collected outside. secondly we have a drawing of the snow and writing plan

I have learned that never quit and try and try cause when the first time we was raining every body got tired but now we run more and we don't get tired

My's divididos es porque en el frio en la nieve, en la lluvia y cuando alguien esta al frente de mi.

My discover is is that know we don't get that much tired. But the first day we run we all got tired

My interests are about the art, music.

My weakness is if someone copycat's me because I get cranky.

My growth as a runner is by not giving up until you keep trying.

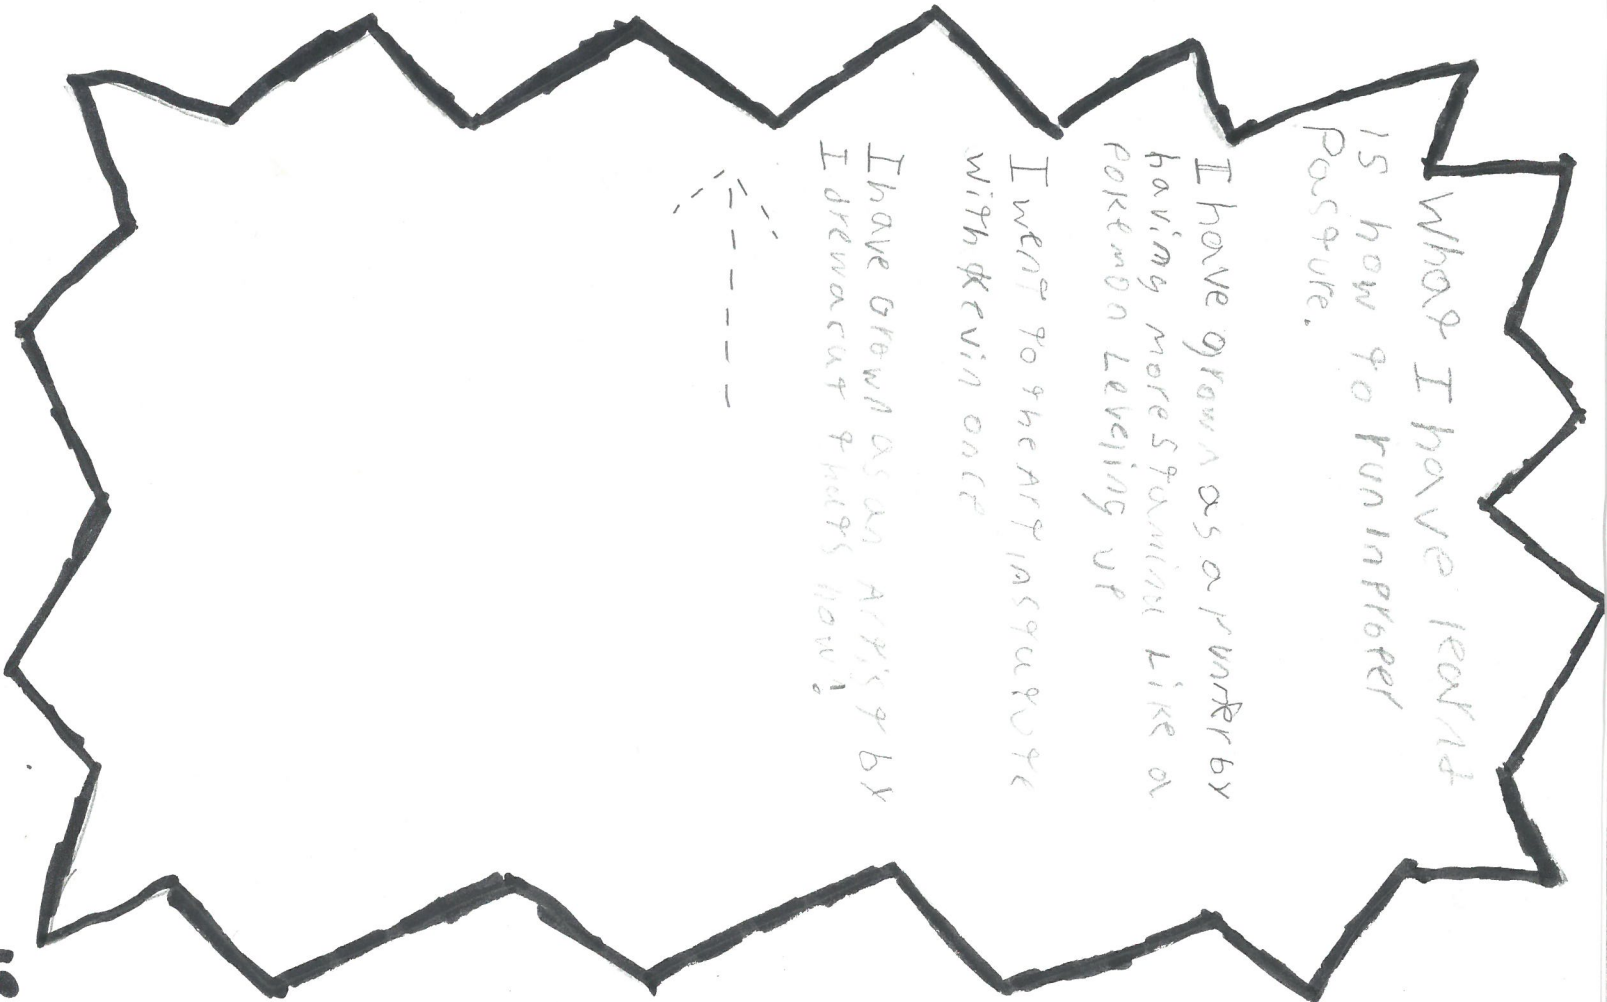

What I have learnt
is how to run in proper
posture.

I have grown as a runner by
having more stamina like a
pokemon leveling up

I went to the art inspection
with Kevin once

I have grown as an artist & by
I draw cars & hats now!

what I learn is that when you run your feet might hurt because your bones are growing and your muscles are getting strong. I grow as an Artist because I use to draw alot but then I stop and got to volleyball and then I draw alot of animals, places, and people. My weakness is that when I breath I don't like to run because I am uncomfortable with that I was not born for that but now I am use to it.

I have learned different ways to breath and run withou + getting too tired

my strengths are being a engineer, my being a fiver while running,

my weaknesses are running, not being skiers in palyten and keeping me } my interests are

Using the computer, getting out of school, my having to work for my

my disclosures are on every increase of ailments that there is a weak service and that I buy pizza.
